1. It is noted that claims 4 (second occurrence) & 5 have been renumbered as claims 5 & 6, respectively.
2. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.
3. Claims 1-3 & 5-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As per independent claim 1, the phrase "plurality of carry-save propagate adders coupled in series and ..., each of said plurality of carry-save propagate adders outputting a resulting bit and a carry bit" (line 13-15) seems to be misdescriptive because the "carry bit" of the carry-save propagate adder is "ripped" through the adjacent adder, e.g., see Fig. 3, **elements 37-40**. Also, the phrase "storing ... and the carry bit output by the last one in the series of carry-propagate adders" (last three lines) is misdescriptive because the "output register" (48) is NOT received the "carry bit output" of the "last one in the series of carry-propagate adders."

As per claim 5 (second occurrence claim 4), "claim 3" should be --claim 4--.

As per claim 6 (renumbered claim 5), "claim 4" should be --claim 5--.

4. Claims 1-3 & 5-6 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Cited references are art of interest.

6. The following is an examiner's statement of reasons for allowance: the recorded references do NOT teach or suggest: (1) the "**plurality of carry-propagate adders**" and "**output register**" features as recited in independent claim 1 and (2) the "**plurality of half-adder/full-adder series combinations**" feature as recited in independent claim 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
